ATMA · TAIWAN

ATMA AT-45PAD(2I)

PRINTERS / PART AND INDEX-TABLE PRINTERS

OVERVIEW

Digital Electric Index Table Screen Printer is suitable for small size flat printing such as electronic components, smart phone cover lens, cosmetic container, silicon rubber switch, etcEquipped with HMI digital control versatile function, easy operating, vacuum table is equipped with micro-adjustment device for quick adjusting precise positioning, servo motor drives printing stroke, collocated with flexible structure to facilitate adjusting angle / depth / level / printing pressure of squeegee, satisfied with various printing conditionTwo-index rotary table to increase productivity, adding safety bar, safety pressing plate, E-stop, error display function, comprehensive protection.

BRAND	ATMA
COUNTRY	Taiwan
MODEL	AT-45PAD(2I)
SERIES	AT
CATEGORY	Printers
TYPE	Part and index-table printers

01 SPECIFICATIONS

Model	AT-45PAD(2I)
Table size	200x400mm
Substrate thickness	0-150 mm
Max printing area	200 x 400 mm
Productivity	900-1020 P/H
Max frame O/D size	300x730mm
Frame height	10-30mm
Table height	980+20mm
Power consumption	1.79KW
Air exhaustion	8.1 L/min
Machine weight	310 kg
Machine dimension	1000x980x1600mm

Specifications are taken from the manufacturer's published data and may change. Confirm the configuration for your job with Sunstar before ordering.

02 FEATURES

- Continuous rotary indexing paired with synchronized printing and loading eliminates idle time, drastically boosting overall production capacity
- High-precision rotary indexer positioning mechanism features repeatability, ensuring consistent stability with every rotational alignment
- Synchronized control of rotary positioning and servo-driven printing ensures a stable cycle time, making it ideal for medium-to-high-speed mass production processes
- Cantilevered screen frame and open-architecture design allow for rapid screen changes and fine adjustments, significantly reducing line changeover time
- Integrated dual-station design maximizes production efficiency within a compact footprint, making it perfectly suited for manufacturing line configurations
- Pre-engineered structural interfaces for automated loading/unloading or robotic integration provide seamless scalability for automated production

03 APPLICATIONS

Recycle bag screen printer | Stationery souvenir toy screen printer

SUPPLIED IN INDIA BY SUNSTAR GRAPHICS

Installation, operator training, spares and service from Mumbai.

Send your material, print size and volume per hour for a quotation in rupees.
